

TATA MEGAPIXEL

KEY FEATURES

Design

- Unique 'India Global' exterior and interior design language
- Panoramic roof
- Light and spacious, elegant interior
- Cantilevered seating system
- Comfortable seating for four adults
- Ergonomic 'all in one' touch screen command centre

Drive system and performance

- Electric drive through four independent in-wheel motors
- On-board recharging from auxiliary power unit
- Maximum vehicle range of over 900 km, including battery range of 87 km
- Optimised weight distribution and All-Wheel-Drive for agile handling
- Low rolling resistance tyres

City wise

- 'Hands free' induction battery charging
- Advanced double sliding side door system for easy entry and egress in confined spaces
- Compact dimensions and good all round visibility
- Zero turn manoeuvrability with park assist system
- 'Hands on' connectivity via in-vehicle display and smart phone
- In-car access to your online world
- Integrated 'infotainment plus' system with control over key vehicle functions and entertainment system

SPECIFICATION

Model	Megapixel
Engine Type	Electric drive via 4 electric wheel motors, with auxiliary power unit to provide REEV capability
Battery	Lithium Ion Phosphate 13 Kwh
Battery Charging	Inductive charge system or fast charge (80% capability in 30 minutes)
Max Drive Train Output: - Auxiliary Power Unit - Electric Drive	22 kW (325 cc single cylinder petrol) Four wheel motors, delivering 10 kW power at each wheel
Max Torque	500 Nm torque at each wheel
CO ₂ Emission and Fuel Economy	CO ₂ emission at 22 gm/km and fuel economy of 100 km/litre, under battery only power (NEDC)
Turning Circle Radius	2.8 metres
Length x Width x Height (mm)	3504 x 1673 x 1405
Tyre Size	215/45 R16
Max Speed (km/h)	110
Max Vehicle Range: - Battery Only - Charge Sustaining Mode	87 km (NEDC) Over 900 km
